TITLE: Recorded surveys

DATES: 1987-

ARRANGEMENT: Numerical by survey number

TOTAL VOLUME:

DESCRIPTION:

These are surveys by professional land surveyors (private, county, state) made within the county that establish or reestablish any private property, right-of-ways and subdivision plats are also to be included as survey plats when there is a surveyor's certificate involved, and boundary monument. The surveyor is required to file a map of the survey within ninety days. The survey maps are required to show the following information: survey location by quarter section, township and range; the survey date; the drawing scale and north point; "the distance and course of all lines traced or established, giving the basis of bearing and the distance and course to a section corner or quarter corner, including township and range, or identified monument within a recorded subdivision; all measured bearings, angles, and distances separately indicated from those of record; a written boundary description of property surveyed; all monuments surveyed; all monuments set and their relation to older monuments found; a detailed description of monuments found and monuments set, indicated separately; the surveyor's signature, seal or stamp; and the surveyor's name and address." The map is also required to contain written narratives that explain and identify the purpose of the survey; the basis on which the lines were established; and the found monuments and deed elements that controlled the established or reestablished lines (UCA 17-23-17(2) (1995)). The map and narrative are required to be created on a "material of a permanent nature on stable base reproducible materials in the sizes required by the county surveyor (UCA 17-23-17(4) (1995)).

TOTAL VOLUME:

DESCRIPTION:

These are maps for new subdivisions. Before a subdivision is officially created a subdivision map must be recorded with the county recorder (UCA 10-9-804(3) (1995)). All subdivisions must be approved by the "the legislative authority of the city or town in which such land may be situated, or in the absence of such legislative authority by the legislative authority of the county in which the town is situated," before the subdivision map is recorded by the county recorder (UCA 17-21-8 (1995)).
